Dear Ms Harrison:

On behalf of the Board of Directors of the Commission on Accreditation of Medical Physics Educational Programs (CAMPEP), I am pleased to inform you that the Residency Program in Radiation Oncology Physics, Thomas Jefferson University Hospital has been granted reaccreditation as follows: The hub (TJUH) has been reaccredited through December 31, 2017, while the affiliate (CCHS) has been accredited through December 31, 2015, with the understanding that a site visit to CCHS be scheduled after a resident has been in training for at least one year. With an acceptable site visit and annual reports the affiliate accreditation could be extended to the full five years. This accreditation is contingent upon completion of acceptable annual reports.

Please accept our congratulations on the reaccreditation of your program. You are expected to provide annual progress reports and also to provide information regarding any substantive changes in the program.

By separate cover, you will receive a framed certificate acknowledging reaccreditation of the program. Please contact me if you have any questions or suggestions on the accreditation process.

Sincerely,

William R. Hendee, PhD  
President and Chairman

Xc: Edward F. Jackson, PhD, Secretary/Treasurer  
Chester Reft, PhD, Chair GEPRC
