Dear Dr Sternick:

On behalf of the Board of Directors of the Commission on Accreditation of Medical Physics Educational Programs (CAMPEP), I am pleased to inform you that the Residency Program in Medical Physics at Rhode Island Hospital has been granted accreditation through December 31, 2016, with the stipulation that acceptable annual reports are provided documenting the implementation of the reviewers' recommendations and that the current resident's training period be extended to ensure completion of didactic course requirements. Accreditation will automatically be extended through December 31, 2018, upon completion of acceptable annual reports.

Please accept our congratulations on the accreditation of your program. A copy of the Program Review Document is attached, which identifies suggestions for improvement on your program. You are expected to provide annual progress reports on these suggestions and also to provide information regarding any substantive changes in the program.

By separate cover, you will receive a framed certificate acknowledging accreditation of the program. Please contact me if you have any questions or suggestions on the accreditation process.

Sincerely,

Wayne Beckham, PhD
President and Chairman
