Dear Dr Nye:

On behalf of the Board of Directors of the Commission on Accreditation of Medical Physics Educational Programs (CAMPEP), I am pleased to inform you that the Medical Physics Imaging Residency Program, Emory University, has been granted provisional accreditation through December 31, 2015, with the stipulation that a site visit will be scheduled after a resident has been in the program for one year. In addition, as the Program Director, you will need to achieve ABR certification in Diagnostic Medical Physics by December 31, 2015. Upon a successful site visit, ABR Certification, and acceptable annual reports, accreditation could be extended to December 31, 2018.

Please accept our congratulations on the accreditation of your program. A copy of the Program Review Document is attached, which identifies suggestions for improvement on your program. You are expected to provide annual progress reports on these suggestions and also to provide information regarding any substantive changes in the program.

By separate cover, you will receive a framed certificate acknowledging accreditation of the program. Please contact me if you have any questions or suggestions on the accreditation process.

Sincerely,

Wayne Beckham, PhD  
President and Chairman
