Dear Dr Kapur:

On behalf of the Board of Directors of the Commission on Accreditation of Medical Physics Education Programs (CAMPEP), I am pleased to inform you that the Therapeutic Radiological Physics Residency Program at the North Shore-LIJ Health System has been granted provisional accreditation. Once we have received documentation from you that you have graduated your first resident, you will be granted accreditation through December 31, 2016, with the stipulation that acceptable annual reports are provided documenting the implementation of the reviewers' recommendations. Accreditation will automatically be extended through December 31, 2018, upon completion of acceptable annual reports.

Please accept our congratulations on the accreditation of your program. A copy of the Program Review Document is attached, which identifies suggestions for improvement on your program. You are expected to provide annual progress reports on these suggestions and also to provide information regarding any substantive changes in the program.

By separate cover, you will receive a framed certificate acknowledging accreditation of the program. Please contact me if you have any questions or suggestions on the accreditation process.

Sincerely,

Wayne Beckham, PhD  
President and Chairman
