Dear Dr Beaulieu:

On behalf of the Board of Directors of the Commission on Accreditation of Medical Physics Educational Programs (CAMPEP), I am pleased to inform you that the Université Laval Graduate Program in Medical Physics has been granted reaccreditation through December 31, 2020.

Please accept our congratulations on the reaccreditation of your program. You are expected to provide annual progress reports and also to provide information regarding any substantive changes in the program.

Although your application for reaccreditation was successful, there were several issues of concern identified during the review process, described in the attached report. In particular, we require all communication with CAMPEP to be conducted in English and are therefore requesting a translation of the steering committee meeting minutes submitted in the self-study document (item number 5 on page 3 of the report). The CAMPEP Board also expressed concern that none of the faculty are clinically certified, a rare circumstance for accredited graduate programs (item number 8). Please ensure that all of the specific recommendations listed on page 3 of the attached report are addressed in your annual reports.

By separate cover, you will receive a framed certificate acknowledging reaccreditation of the program. Please contact me if you have any questions or suggestions on the accreditation process.

Sincerely,

Wayne Beckham, PhD, President and Chairman

Xc: Joann I Prisciandaro, PhD, Secretary/Treasurer
Brenda G Clark, PhD, Chair GEPRC
